SERIES
WELCOME

Church Multiplication Partners was birthed out of a great vision to see church planting accelerate throughout the myriad of denominations, associations and networks across North America.

We are seeking to hit the key leverage point in multiplication by serving those catalytic leaders who lead multiplication ministries.

Church Multiplication Partners seeks to be trans-denominational in scope by providing assistance to those who can without reservation agree with [The NAE Statement of Faith](#).

A top-down view of a person's hands, wearing a grey ribbed sweater, tending to rows of lettuce in a garden bed. The garden bed is filled with dark, rich soil. There are several rows of lettuce: a central row of bright green lettuce, a row of purple-tinged lettuce to its left, and another row of green lettuce to its right. The person's hands are positioned over the central green row, appearing to be adjusting or inspecting the plants. The overall scene is a close-up of gardening activity.
